## Benefit Movie Planned

A benefit for the American Field Service is planned for February 14 with the Washington premiere of "Judgment at Nuremberg" at the Warner Theater.

The 8:30 black tie event is under the patronage of former Ambassador and Mrs. Robert Woods Bliss and Mrs. Edwin D. Graves. It is to raise funds for the American Field Service International Scholarship Program. Chairman is Mrs. Edward Harvy Cushing.

Ticket may be obtained from Mrs. Philip G. Strong, co-chairman with Mrs. H. Gates Lloyd.

Special Assistant to the Secretary of State Robert H. Thayer will leave in 10 days for Egypt and other countries as a "roving Ambassador" for the AFS. He will accompany Mr. Stephen Galatti, director general of the AFS.

Over two thousand American Field Service students from 50 countries have come to spend 1961-62 as seniors in high schools all over the United States.

Each year the AFS adds 300 more students to the program of international understanding. The students all live with American families.

Mr. Thayer was former United States Minister to Romania and during 1959-1961 was Chief of our delegation to UNESCO.
